Govt. Approved

Electrical Contractors

**Complete Electrical Solutions, Services &
Raw Materials Under One Roof !!**

**Authorized KEI Wires & Cables
Distributors, Gr. Noida
{Delhi-NCR}**

About Us

We, Anupam Electrical Control, is a steady growing firm in Electrical Field, for manufacturing Power & Control Distribution Panels, Boards as well as distributing industrial electrical raw materials. We specialize in a range of Power & Control panels and also stock a range of electrical material from well known labels such as KEI(We are authorized Wires & cables distributors of KEI). We also provide **Customized Control Panel Solutions** to our customers as per their specifications.

Keeping in mind the exclusive preferences and requirements of our customer in a well-defined manner, we offer these panels in several technical specifications. Under the supervision of **Mr. Anil Kumar Garg(M.D.)**, we have achieved a unique position in the industry.

WE help Companies & organizations of various sizes advance their business goals by offering them our **Electrical Turnkey Projects** & our state of the art products. Offered electrical products are widely appreciated for their reliable performance, precise design and robust construction. We build a design which we guarantee has Absolutely **ZERO** Breakdown Maintenance.

We also offer a wide range of services including Electrical Wiring & Panel Installation with absolutely **100% FIRE & SHOCK PROOF** Guarantee.
